

# STATE REPUBLICAN PLATFORM OUTLINED

## IS THOROUGHLY PROGRESSIVE IN DOCTRINE

State Convention Named Roosevelt Electors; Repudiated Acts of Nat'l G.O.P. Convention

Taft Strength Shown in the Fatal Number "13"

Platform Declares For Principles of Justice and Advance of Humanitarianism

SACRAMENTO, Sept. 26.—Adopting a platform thoroughly progressive in every particular, together with a resolution repudiating the action of the national convention held in Chicago last June and naming a ticket of thirteen presidential electors favorable to Roosevelt and Johnson, the State Republican convention came to an end late yesterday afternoon.

The exact strength of the reactionaries was disclosed for the first time during the closing hours of the session, when action was taken on a motion to reconsider the action of the convention yesterday on the report of the committee on rules. The effect of this motion, if carried, would have brought the platform before the convention before the electors were named. On roll-call the motion was lost 88 to 13. Those who voted aye, all being Taft men, were:

Bowman, Forty-third assembly; Brown, Forty-second assembly; Bush, Twenty-sixth assembly; Byrnes, Seventeenth assembly; Cassidy, Twenty-second assembly; Fulwider, Thirtieth assembly; Hinkle, Seventy-ninth assembly; Johnson, Fifty-seventh assembly; Murray, Eighth assembly; Moore, Fifty-fourth assembly; Schmidt, Thirty-first assembly; White, Thirty assembly; Wolfe, Nineteenth assembly; Wright, Fortieth assembly.

### WHAT STATE PROGRESSIVE REPUBLICAN PLATFORM COVERS

SACRAMENTO, Sept. 26.—The majority report on platform outlined for the Republican convention, controlled by the Progressives, calls for farther legislation, including: protection of forests against fire; extension of the workmen's compensation law; a "blue sky" law to protect small industries against worthless stock; measures for the suppression of loan sharks; enactment of a state civil service law; a minimum wage law for women; more rigid safety appliance laws; measures for the prevention of occupational diseases; proper extension of the eight-hour law; general prohibition of night work for women; one day's rest in seven for all wage workers; three shifts in all 24-hour industries; the inclusion of trade diseases under the workmen's compensation act; the relief by state authorities of mothers of dependent children; an improved inheritance tax; revision of a direct primary law; opposition to the revival of racetrack gambling; creation of a legislative reference bureau; the making of the Hetch-Hetchy water supply available by federal action for the use of the bay cities; legislation for the securing of credit to farmers under the German loan plan, and a thorough investigation of the high cost of living.

The record of the state administration is strongly endorsed. No mention is made of the national ticket, nor of the Progressive party.

## GEN. SALAZAR CUTS LOOSE FROM CHIEF

Deserts and Flees to U. S.—Early Collapse of Revolution Is Looked For

EL PASO, Sept. 26.—The early collapse of the Orozco rebellion in Mexico is seen from advices received today which say that General Inez Salazar, one of Orozco's chief lieutenants, had deserted and fled across the American border near Douglas, Ariz.

ZAPATISTA REBELS SACK TOWN—KIDNAP 20 GIRLS  
TIANGHENGGO, Mexico, Sept. 26.—Federal troops are pursuing a gang of Zapatista rebels who have sacked the town and kidnapped twenty girls.

## To Submit Sample Ballot to Atty. Gen. Webb For Decision

SACRAMENTO, Sept. 26.—Secretary to State Jordan stated today that he would immediately forward to Attorney General Webb a printed sample ballot containing groups of candidates for presidential electors designated as follows:

"Republican favoring Roosevelt," "Republican favoring Taft," "Democratic, Socialist and Prohibition." Jordan expects a prompt reply from the Attorney General as to whether the two sets of Republican electors may so be legally placed on the ballot, and will abide by the decision rendered.

# WORK OF BOARD WILL FIGHT FOR IS NEARING THE END COMMITTEE MAIL

If Adopted, Present Administration Will End Second Tuesday in April

Republican Organization Will Go Into Court If Necessary to Get Rights

## TEN ARE CHOSEN TO LEAD CAMPAIGN

Plans Made Yesterday to Get Out Roosevelt Vote In November Election

The board of freeholders is nearing the end of its labors. The charter that is to be submitted to the voters of Santa Ana is practically completed. The meeting last night was devoted to re-reading the charter. That work will be completed tomorrow night, and the charter will then be turned over to the Bar Association, the officers of which have agreed that a committee of the association will examine the document to see if its provisions are within the law.

The indications now are that the charter election will be held in November, though possibly not until December. The election is to be held some time before the meeting of the legislature, which will be asked to pass the charter as a legislative measure.

According to the provisions of the charter, the charter will go into effect the second Tuesday of next April. There was discussion in favor of withholding the effect of the charter until the term of the present city administration is completed, two years from next April, but the freeholders concluded that if the people want the charter it ought to go into effect as soon as possible. If it carries, then, an election will be held on the second Tuesday of next April for the six elective officers provided for in the document. These elective officers are the mayor, the clerk and four commissioners.

The salaries question has not been finally settled. It seems to be the expectation of the board of freeholders to provide the same salary for the mayor and clerk. Some have suggested \$1500 a year for each of those officers, some say \$1600 and some say \$1800. It is probable that at the meeting tomorrow night an average of the suggestions offered by the various members of the board will be taken, and that sum fixed as the salary.

Suggestions as to the salary of each of the four commissioners run all the way from \$480 to \$900 a year, with \$5 a meeting for attendance at the meetings of the school board, the commissioners also being the school directors, with a limit of \$10 a month for payment as members of the school board. An average may be struck to finally settle the salary of each commissioner.

The freeholders have practically settled upon their recall provision. As it now stands the recall petition must bear the signatures of at least fifteen per cent of the registered vote at the last general city election. There were some who wanted to allow a recall election on a petition of fifteen per cent of the vote cast. That contention, however, did not prove successful.

The charter will follow the Berkeley charter quite closely. Each member of the board is provided with a Berkeley charter, and typewritten slip designating changes desired have been pasted in the printed Berkeley charter. The freeholders will finish their work well within the 120 days allotted to them by law. Seventy-five days have gone by, leaving forty-five days in which the charter can be finally submitted to the City Trustees, which body must then call the election to determine whether or not the charter shall be adopted.

## STRIKE STILL ON DANGER EDGE—GUNS FIGURE LARGELY

SALT LAKE CITY, Sept. 26.—To determine on what basis a governor can use his power to bring about peace between the mine operators and the Western Federation of Miners at Bingham, Governor Spry today conferred with Agent A. L. Wilde of the Steam Shovel Men's Union. The object of the meeting was to decide whether Governor Spry could recognize the Federation officials as representatives of the strikers.

A report that fifty rifles were sent to Bingham last night and that the copper company is preparing for hostilities is unconfirmed. Union leaders warn their men against resorting to violence. Reports are rife that Sheriff Sharp plans to search all unionists and seize their weapons.

# NICARAGUAN REVOLT PRACTICALLY ENDED

Gen. Mena and 700 Rebels Surrender—Report of American Massacre Still In Doubt—Trouble Was at Leon

WASHINGTON, Sept. 26.—American Minister Weitzel at Managua, Nicaragua, today telegraphed the State Department that Admiral Southerland had advised him that General Mena at the head of seven hundred rebels had surrendered. Weitzel advised the department of the end of the revolution. It is unknown what disposition will be made of General Mena, who is believed to have surrendered to President Diaz.

WASHINGTON, Sept. 26.—Following the surrender of General Mena, leader of the Nicaraguan rebellion, to President Diaz, rebel soldiers are flocking into Managua today to lay down their arms. General Mena has announced his willingness to exile himself from Nicaragua if President Diaz desires.

Juan Irujo and General Secedon, General Mena's aides, have not yet surrendered.

**COLLAPSE OF REVOLUTION IS PREDICTED AT COLON**  
COLON, Sept. 26.—The collapse of the Nicaraguan revolution is predicted here today, as a result of cable dispatches telling of the fall of Granada and the surrender of General Mena, the rebel chief.

**STEAMER PASSENGERS ALSO BRING REPORTS OF MASSACRE**  
PANAMA, Sept. 26.—Passengers aboard the steamer from Costa Rica brought in renewed reports that twenty-nine American marines had been killed by the Nicaraguan rebels. It was asserted that the rebels attempted to stop a train at Leon, and the marines aboard objected. An engagement followed. The story is yet unconfirmed, though there was evidently some trouble at Leon.

## BRYAN WELCOMED AT RENO, NEVADA

Talks to Comstock Miners—Made Attack on Tariff in an Address to Women

RENO, Nev., Sept. 26.—An enthusiastic reception was accorded W. J. Bryan upon his arrival here today. He was met at the station by a reception committee and several thousand citizens. The Commoner took an automobile to Virginia City to address a gathering of Comstock miners.

**FATAL TO PIT DIX AGAINST OSCAR STRAUS, SAYS COMMONER**  
LINCOLN, Neb., Sept. 26.—"Will the Democrats of New York surrender control of the party to Charles Murphy, who was repudiated by the New York Democracy?" asks W. J. Bryan in the Commoner today. "There are many capable men in the Democratic ranks who might be nominated for governor. The Democrats will meet a sorry disappointment if they put Dix against Oscar Straus."

**ATTACKED THE TARIFF AT SAN FRANCISCO**  
SAN FRANCISCO, Sept. 26.—A general attack on a protective tariff was made here by William Jennings Bryan in addressing 500 women at the San Francisco Center Luncheon yesterday. A protective tariff, he said, is largely responsible for the cultivation of public sentiment which measures a vote by its pecuniary value.

"No tariff," Bryan said, "helps a man but what it hurts another. It is simply governmental grand larceny. It takes money out of the poor man's pocket and puts it into that of the rich man."

**J. P. MORGAN TO BE FIFT WITNESS IN PROBE ON NEXT MONDAY**  
WASHINGTON, Sept. 26.—J. Pierpont Morgan, the trust magnate, will be the first witness to testify when the Senate campaign contribution investigation committee resumes its hearing next Monday. The financier will be asked how much money the trust he is interested in contributed to the Democratic and Republican campaign.

**250 EXECUTED FOR MUTINY**  
SHANGHAI, Sept. 26.—Convicted of participating in a mutiny at Wuchang recently, two hundred and fifty soldiers were executed today. A thousand others connected with the mutiny fled.

**\$15,000 to Aid Wilson**  
NEW YORK, Sept. 26.—Democratic contributions to Gov. Wilson's campaign for the presidency aggregating \$15,000 were announced today. Samuel Utermeyer heads the list with \$10,000.

**Crowded About Taft's Auto**  
BOSTON, Sept. 26.—Crowds surging about the automobile in which President Taft stepped after arriving here at 9 o'clock this morning delayed his start for Beverly several minutes. The president is scheduled to speak at a banquet tomorrow.

**Republicans on Wilson's Trail**  
NEW YORK, Sept. 26.—A corps of Republican speakers are following Gov. Wilson in New England for the purpose of answering the Democratic leader's talks. Secretary Nagel, Congressman Gillette of Massachusetts, and Ex-Governor Uter of Rhode Island are in the party.

**STATE OR NATION SHOULD HAVE CONTROL OVER EVERY CHILD**  
WASHINGTON, Sept. 26.—A new state or national commission to have authority over every child was urged today before the International Congress of Hygiene and Demography by Dr. Charles G. Kerley, of New York.

"The states spend millions of dollars for the segregation of their criminals, drunkards, paupers and degenerates," said Dr. Kerley. "Why should they not spend a few thousands for preventative work? It is only by such a commission that we will ever solve the urgent problems of prophylaxis against crime, degeneracy and general worthlessness of the individual. Heredity has little influence in determining character, which is the product of environment. We may mold a child largely at will; whether it be done well or indifferently or badly depends more upon the mother and the child's associations than upon the material worked upon."

Dr. Mary E. Lapham, of the Highlands, N. C. sanatorium, spoke on "Field Work in Tuberculosis." She said: "If the United States would spend a million dollars next year for the detection of concealed cases of tuberculosis and then put them under proper treatment, we should not only make an investment yielding large dividends in money saved but our ability to detect concealed cases would be more generally diffused among the profession. Tuberculosis will eventually take its place among the extinct pests. It is rooted in the children—we must therefore begin our attack with them and cause the dread white plague to vanish from the face of the earth."

Dr. J. S. Purdy, chief health officer of Hobart, Tagmanita, told the congress that better sanitation for crews of sea-going and other vessels is an urgent reform.

"The Titanic disaster emphasized the need for the safety and sanitary accommodations of ships' crews," said Dr. Purdy. "There should be a minimum of 125 cubic feet of space for each member of the crew to preserve the seamen's health. Bad lighting also causes much disease."

# WANTS TO SEE LETTERS AND DATES

Roosevelt Calls on Hearst to Produce Documents as to Archibald Matter

## URGES U.S. AID IN LAKES-TO-GULF WATERWAY

Discusses Mississippi Floods and Advises Reservoirs For Storage of Water

MEMPHIS, Tenn., Sept. 26.—Circumstances in which he might have written that he would be glad to see John D. Archibald, were given by Colonel Roosevelt today.

"Throughout my administration," said the Colonel, "if Congressman Sibbey or anybody else, asked me to see Archibald, as stated in Mr. Hearst's publications, I certainly would see him. I saw everybody who called at the White House. John D. Rockefeller, Jr., called. However, we discussed nothing but the white slave traffic. If Mr. Hearst can furnish dates or any letters I would like to see them in print. I would publish them myself."

## SAYS U. S. SHOULD TAKE UP LAKES TO GULF WATERWAY

MEMPHIS, Tenn., Sept. 26.—Colonel Roosevelt devoted his entire speech today to Mississippi river needs, when he addressed the levee convention. He asserted that he believed the government should undertake the work of the Lakes to the Gulf Waterway. He discussed Mississippi floods, declaring that levees alone are insufficient protection. He favored mountain reservoirs to control the spring floods.

## CAN'T ARBITRATE A SLAP IN THE FACE, SAYS T. R.

LITTLE ROCK, Sept. 26.—Colonel Theodore Roosevelt, Progressive candidate for president, discussed international arbitration here. He said: "I do not think much of a man arbitrating a slap in the face. We want a first-class navy because it discourages anyone from slapping our faces. I regard the constitution as an instrument wherewith to aid the people, not as a document which I am to dig through to find excuses for not doing my duty."

## TICKET PLAN OF WORLD'S SERIES

NEW YORK, Sept. 26.—The ticket plan of the Boston American Club for the world's series, contemplates accepting mailed reservations, but not to accept mailed money. Each purchaser must call at the Boston office for the tickets, paying for them personally.

The New York management has decided to set aside 8500 seats for reservations, the remaining 30,000 to be sold at the gate. It is hoped that ticket speculation will be greatly reduced by this plan. The sale of seats for the New York games will be held at the Polo Grounds, each purchaser being compelled to enter the park immediately after purchasing a ticket.

The National Commission is to be allowed 75 tickets for each game. Each of the visiting players will be allowed two seats. The meeting of the National Commission was attended by August Herrmann of Cincinnati, President Thomas J. Lynch of the National League, President Ban B. Johnson of the American League, James McAleer, president of the Boston Red Sox, Secretary Heydler of the National League, and Secretary McRoy of the American League.

## SOLDIERS THRUST UPON BELFAST—LORD MAYOR IN PROTEST

BELFAST, Sept. 26.—The British War Department's action in sending troops here after he had stated they were unnecessary aroused the ire of the Lord Mayor today. Despite his protests, the soldiers continue to arrive.

## WILD MAN FOUND WHO FLED CIVILIZATION 10 YEARS AGO

POUGHKEEPSIE, N. Y., Sept. 26.—Continually snarling and dashing about like an animal, and bereft of the use of speech because of long solitude, Arthur Britton, aged forty, was found naked with a long growth of hair. He is causing the state hospital officials much trouble. Britton disappeared from civilization ten years ago.

## COMMITTEE NAMED TO SEEK LEGISLATION TO STOP THE WASTE OF ARTESIAN WATER

That determined steps shall be taken to secure from the next session of the legislature passage of a law which will be effectual in checking the enormous waste of artesian water by the gun clubs and other users in the lowlands, was the gist of the action taken by the Associated Chambers of Commerce, at the monthly meeting held at Huntington Beach last night.

The report made by the committee showed that thousands of inches of water are continually going to waste, that millions of mosquitos are being bred as a result, and that unless some deterrent action be taken the condition will not only result in serious loss to the ranchers of the county, but will probably cause a plague of malaria in the lowlands.

The meeting was held in Odd Fellows' hall, with about seventy-five delegates present. A very toothsome banquet was served, and at its conclusion President Zimmerman called the meeting to order and T. B. Talbert of Huntington Beach welcomed the guests in a few appropriate words. Response was made by H. C. Head of Santa Ana.

Harbor Survey Completed  
L. H. Wallace of Newport Beach,

for the harbor committee, reported that the government engineers had completed their preliminary survey of the bay, and that he, in company with some of the engineers, had spent a day in looking over the surrounding country for rock which would be suitable for the building of jetties. Close to the site of the proposed work they had found an abundant supply of rock, which was apparently of the quality desired, but it would have to be analyzed before a final decision could be made. Mr. Wallace said the report of the engineers in regard to the survey would have to go first to Washington and then back to the Los Angeles office, and it would probably be three or four months before the findings are made known.

A. S. Bradford of Placentia, chairman of the committee appointed at the last meeting to look into the matter of the waste of water, reported that he had communicated with the District Attorney, and in turn had received a letter quoting from the two laws now existing on the subject, showing that they are so loosely drawn as to be virtually ineffective. One provision is to the effect that none of the provisions of the law shall be effective against the storage of un-

limited water in reservoirs, provided it shall be afterward put to some "beneficial use." Another allows the perpetual flow of one-tenth of a miner's inch for each acre owned. The District Attorney seemed to be of the opinion that it was useless to attempt action under the present laws.

Serious Condition Shown  
R. D. Richards of Bay City, another member of the committee, reported the results of his investigations. He had found that at many of the gun clubs hundreds of inches of water were being allowed to flow continually into Anaheim bay, the total waste running up into the thousands of inches. He said that on many of the duck-ponds mosquitos were being bred in such numbers that "the water seemed to boil." His investigations indicated that most of the clubs made no effort whatever to conserve the water.

Go to Sacramento  
The committee made no recommendation as to action, and President Zimmerman said that, as it seemed to be principally a question of securing proper laws, the best plan would be to appoint a committee to go to Sacramento next winter and urge action by the legislature. S. M. Davis of Santa Ana spoke on the waste points of the present laws, and W. A. Cornelius of Newport Beach reported that the improvement associations of Artesia and Compton had taken the matter up for their own protection.

On motion of A. A. Mills of Anaheim the president was authorized to add three members to the committee, one of whom should be the district attorney and the others preferably lawyers. This committee is to report at the next meeting on the best method of securing adequate legislation. The president named on the committee S. M. Davis and H. C. Head of Santa Ana.

H. C. Head, chairman of the committee appointed to consider the advisability of incorporating the association, made a report in which he advised against such action. He said that in his opinion complaints against unjust rates could be sustained by the association in its present form, and also by Orange county as a body politic. He suggested that the association could gather data regarding oppressive rates by railroads and express companies, present them to the supervisors and have that body order the district attorney to proceed in court. He thought incorporation would be an unnecessary expense. On motion A. A. Mills was appointed a committee to gather data in regard to rates now in effect in the county which are regarded as excessive.

Urges County Bureau  
President Zimmerman called Vice President Wallace to the chair, and, speaking as a member of the Santa Ana Chamber of Commerce, called attention to the continuous work which that body has done in advertising the county as a whole, showing that the bulk of its work has been county and not city exploitation. He then moved that the association recommend to the board of supervisors that an appropriation of \$500 annually be made for the purpose of keeping up a county bureau of publicity in the Santa Ana Chamber of Commerce, which, he said, is the clearing house for county advertising, owing to the Tilton trolley excursions and the large number of outside visitors brought here in other ways. Lew R. Wallace moved to amend by making the amount \$600, the money to be

used in the maintenance of county exhibits and the distribution of literature through the Santa Ana body. The amendment was accepted and the motion carried. It was pointed out that some months ago the Santa Ana Chamber invited other communities to place exhibits here on payment of a small rental, but under the proposed arrangement their exhibits would be maintained without cost to them. It was also suggested that as the secretary of the association is also the Santa Ana secretary, the work could be carried on under the direct supervision of the association.

Report is Made  
W. A. Griffith of Huntington Beach referred to the action of the association at its last meeting, in which it recommended to the supervisors that something be done to provide a coast road, and said that unless something were done along this line he was afraid the coast cities would turn down the good roads bonds. Mr. Wallace stated that he had interviewed the supervisors on that line, and while it was not in their power to act officially at present, they had expressed themselves individually as in favor of devoting \$15,000 to \$20,000, or more if it could be spared, from this year's funds to the building of a coast road. Mr. Wallace expressed himself as highly gratified at the stand taken by the supervisors, saying it would be entirely satisfactory to his section. Mr. Griffith also expressed his gratification, not having known of the promise made by the supervisors, and said it would satisfy his community.

T. B. Talbert of Huntington Beach spoke of the importance of working for the good roads bonds, saying that if by chance the issue should be defeated the people would demand another election soon, and even frequent elections until the proposition should carry. He suggested that frequent meetings be held in the various communities of the county to boost the bonds.

G. W. Minter, in charge of the work in Santa Ana, reported that he was organizing each of the precincts in the city, and that ten days before the election he would have a poll showing how the vote would go.

On motion the president was authorized to appoint a campaign committee, in addition to the district captains already named, to have charge of any speakings which may be decided on through the county.

An invitation to hold the next meeting at Newport Beach on the last Wednesday in October was accepted.

### WIFE OF JOHN R. EARLY, THE LEPER, SEEKS DIVORCE

TACOMA, Wash., Sept. 26.—Indicating he will allow the divorce action filed by his wife to go by default, John R. Early, the leper, who threw Tacoma into an uproar when he was found living near the city, has failed to file his legal answer to the case within the required twenty days after being served with the summons and complaint.

The complaint of Mrs. Early was filed with the county clerk yesterday, but Early was personally served with a copy by the attorneys for the wife at the hospital, August 26.

Mrs. Early asks for the divorce and custody of her children, and the costs of the action. No request for alimony is made, although Early received a pension and a salary, beside his food and lodging, amounting to \$75 a month.

The charge of cruelty is made, the complaint alleging that Early would frequently commit acts of violence against his wife, endangering her health and making it impossible for her to live with him.

CAPT. SEALBY OF REPUBLIC GIVEN COLLEGE HONORS  
NEW YORK, Sept. 26.—Captain Inman Sealby, heroic commander of the ill-fated Republic, who was picked up out of the sea off Nantucket after going down with his vessel four years ago, arrived in New York yesterday from the University of Michigan, where he had just been awarded a degree in admiralty law.

The captain is utilizing his stay in the city to visit friends, and will soon leave for Boston to join the steamer Canopic, sailing for Italy on Saturday.

### SPRECKELS SUGAR CO. WAS DISSOLVED YESTERDAY

SAN FRANCISCO, Sept. 26.—The Western Sugar Refining Company, a Spreckels corporation, was dissolved yesterday by Superior Judge Thomas, on petition of the corporation's board of trustees. The directors signing the petition were John D. Spreckels, Adolph B. S. Spreckels, John D. Spreckels, Jr., W. I. Brobeck and W. H. Hannan.

The dissolved corporation had a capital stock of \$1,000,000, divided into 10,000 shares at a par value of \$100 each.

### HAD NOT KISSED WIFE FOR 25 YEARS —SOUGHT DIVORCE

ST. LOUIS, Sept. 26.—Wm. R. Brock of Webster Grove, former proprietor of the Brock Corset Company, testified in Judge Wurdeman's court at Clayton yesterday that he hadn't kissed his wife in twenty-five years. Brock obtained the divorce he asked on the grounds of desertion.

Explaining his reasons for not kissing her, Brock described his married life as "living with a marble statue." She repelled all emotion, he declared, and spent her time reading fiction. "While we were living together it did not occur to me she wanted to leave me, but looking back over it now, I believe it was in her mind all these years."

## WELL EQUIPPED STATIONS HERE

Santa Ana Youths Pick Up  
Messages from Vessels  
3,000 Miles Away

It is not generally known that Santa  
Ana is also doing some splendid work  
in wireless telegraphy. There are  
three excellent stations here. They  
are owned by boys none of whom is  
over 19 years of age and who have  
been their own instructors and manu-  
facturers. These sets are home made  
with the exception of the telephone  
receivers.

While there are probably a dozen  
stations in town there are only the  
three which are doing any thing of  
note. These three comprise three ex-  
cellent receiving and two very good  
transmitting sets.

All three have been hearing the  
wireless telephones at Long Beach  
and Watts for the last month and one  
of them heard one from San Francisco  
last winter. The voices and music  
came in with remarkable clearness.  
Besides this two of the stations  
have held wireless telegraphic com-  
munications with Point Loma, Point Ar-  
guello, Mare Island, and probably 100  
other land and marine stations.

The U. S. S. Florida was heard last  
winter in the Atlantic Ocean, and Nor-  
folk, Va., Key West, Fla., Colon, Pana-  
ma, Sitka, Alaska, Honolulu, H. I.,  
and boats as far as 3,000 miles at sea  
were heard on various occasions.

These boys have learned to operate  
these sets and recently two of them  
passed examinations and secured gov-  
ernment certificates of skill in radio-  
communication.

## CASCARETS SURELY STRAIGHTEN YOU OUT

No Headache, Biliousness, Bad  
Taste or Constipation by  
Morning

Are you keeping your bowels, liver  
and stomach clean, pure and fresh  
with Cascarets, or merely forcing a  
passageway through these alimentary  
or drainage organs every few days  
with Salts, Cathartic Pills, Castor Oil  
or Purgative Waters.

Stop having a bowel wash-day. Let  
Cascarets thoroughly cleanse and re-  
gulate the stomach, remove the undig-  
ested, sour and fermenting food and  
foul gases, take the excess bile from  
the liver and carry out of the system  
all the decomposed waste matter and  
poisons in the intestines and bowels.  
A Cascaret tonight will make you  
feel great by morning. They work  
while you sleep—never gripe, sicken  
or cause any inconvenience, and cost  
only 10 cents a box from your drug-  
gist. Millions of men and women take  
a Cascaret now and then and never  
have Headache, Biliousness, coated  
tongue, indigestion, Sour Stomach or  
Constipated Bowels. Cascarets belong  
in every household. Children just love  
to take them.

## DEALS DEATH TO WEBWORM

Department of Agriculture Has  
Issued Bulletin of Service to  
Sugar-Beet Growers

WASHINGTON, Sept. 26.—Sugar-  
growers of Colorado, California, Ar-  
kansas and other western states are  
being aided by the government in their  
fight against the "sugar-beet web-  
worm," a parasitic pest ruining beet  
fields in some sections.

The Department of Agriculture has  
issued a special instruction bulletin  
to beet growers, written by H. O.  
Marsh, the entomologist, who has  
spent the last two years in investiga-  
tions.

Sprays of paris green are the best  
remedies to kill the bugs, Marsh says.  
Mixtures of the poison with whale-oil  
soap or lime are recommended. Com-  
mon laundry soap, he says, may be  
substituted. The cost of spraying is  
estimated at \$1 to \$2 an acre. Beet  
growers usually receive \$5 per ton for  
their beets.

The pests have caused a loss of from  
one to five tons of beets per acre, the  
agricultural experts declare. In the  
Arkansas valley alone, the loss in 1911  
was \$100,000.

## AMERICANS DID NOT AID REVOLT

Such is Evidence Given in the  
Probe Conducted by U. S.  
Senators Smith and Fall

LOS ANGELES, Sept. 26.—Further  
testimony tending to prove that the  
present revolution in Mexico, known  
as the Orozco rebellion, was in no  
wise financed by Americans, was ad-  
duced yesterday at the inquiry by the  
senate investigating committee, whose  
sessions at the Hotel Alexandria are  
nearing a close. Like the evidence  
given a few days ago by former of-  
ficials of the State of Chihuahua, the  
witnesses yesterday told how Orozco's  
campaign was financed by money  
raised by the state government.

The witnesses were M. Becerra  
Acosta, secretary of the Chihuahua  
Chamber of Commerce, and Alfonso  
Iberrri, editor of the El Norte of Chi-  
huahua. Acosta told how the sym-  
pathy of the people of Chihuahua was  
with Orozco and that when he had ex-  
hausted the \$200,000 that was in the  
state treasury, the congress voted to  
issue bonds to the amount of \$1,250,000.  
Mexican money, and how the 200  
business men of Chihuahua agreed to  
buy the bonds.

Both Mexicans said that during the  
occupancy of Orozco in Chihuahua  
there was no disturbance and that  
business went on in the ordinary way,  
while ever since the evacuation there  
had been no end of trouble and busi-  
ness was at a standstill.

Senator Fall stated last night that  
no evidence that could be looked upon  
as proof had been produced to show  
that the Standard Oil Company or the  
Continental Rubber Company had aid-  
ed in the financing of the Madero  
revolution. Several witnesses had  
testified along that line, but the testi-  
mony has been of a hearsay charac-  
ter.

Ex-Governor Flores of Guerrero is  
expected to testify today, and as he  
was one of the Diaz governors it is  
believed that he may throw some light  
upon the methods pursued by the Ma-  
dero people in raising funds to carry  
on the rebellion against Diaz.

It is expected that the inquiry here  
will be brought to a close in a few  
days.

## ATHENA UNDERWEAR

FOR  
WOMEN  
MISSSES  
AND  
CHILDREN

Athena has set a new standard in women's underwear.

It is proving to particular womankind that  
the uncomfortable features of ordinary knit  
underwear—the lack of fit, the imperfect con-  
formation to the body lines—are no longer  
necessary (see illustrations below).

Athena is truly tailored  
and fashioned to fit

The shaping—the tailoring—is not con-  
fined to any one part. It reaches everywhere.

The Athena patent fitted seat is the most  
remarkable advancement ever made in under-  
wear designing.

Athena is sold in all fabrics at no higher  
prices than you pay for ordinary knit under-  
wear. In all the new shapes demanded by  
fashion's requirements.

## LOVE LETTERS ARE READ IN HEARING

A. G. Boyce Missives to Mrs. J.  
B. Snead Are Material  
for Snead Defense

AMARILLO, Texas, Sept. 26.—Love  
letters alleged to have been written  
by A. C. Boyce, Jr., to Mrs. J. B.  
Snead after she had returned to her  
millionaire husband, were read at the  
habeas corpus proceedings here, by  
which Snead hopes to secure his re-  
lease on bail for killing Boyce. Snead  
must also stand trial for slaying A.  
C. Boyce, Sr., whom he shot at Fort  
Worth, Tex., following young Boyce's  
elopement to Canada with Mrs.  
Snead.

Damaging testimony was adduced  
against Snead when John Paco swore  
that Snead told him that he or Al  
Boyce would be killed if they ever  
met. Snead disguised as a tramp and  
shot down young Boyce without a  
word of warning. He alleged that  
Boyce had sent letters to Mrs. Snead,  
asking her to again leave with him.

TO ASK FOR MONEY  
FOR NEW NAVAL BASE

WASHINGTON, Sept. 26.—More ap-  
propriations for the new naval base  
at Pearl Harbor in the Hawaiian Is-  
lands will be asked from Congress  
this winter, it was learned today at  
the Navy Department. Additional  
funds are needed as a "deficiency ap-  
propriation," it is expected, to finish  
the mammoth, new drydock there, as  
well as other extensive improvements.  
With the opening of the Panama canal  
it is expected that naval work on the  
coast will require much use of the  
pearl Harbor station.

FAITHFUL SERVITOR  
OF UNCLE SAM DEAD

WASHINGTON, Sept. 26.—"Old  
Bill," for five years a pensioner of  
the post office, is dead. "Bill" was a  
horse, a faithful servitor of Uncle  
Sam for 23 years, and a grateful gov-  
ernment gave him five years of ease  
in his old age before his death.  
"Old Bill" became a postal employe  
in 1884. For 23 years he did all of the  
drayage for the local post office and  
department. Then he was retired on  
"full pay," through the kindness of  
his driver, Caleb Cleveland, and Mer-  
ritt O. Chance, now secretary of the  
Economy and Efficiency Commission.  
Chance was chief clerk of the Post  
Office Department when "Old Bill"  
was pensioned at the request of Cleve-  
land.

The horse was estimated to be 37  
years of age when he died, a patri-  
arch of the postal service.

## FIGHTING ROOSEVELT

Fresno Republican: It was perhaps too much to expect that Mr. Bryan would, in a few minutes he had in Fresno, set forth in any detail the position of the Democratic party on what he, as well as other leaders, declares is the chief issue of this campaign, the trusts. But we might have expected that at least he would give some inkling, here, of what he has altogether omitted elsewhere to touch upon—the method of attack on the trusts that is to be effective. We have learned already that there is nothing to expect from Mr. Wilson in this regard. Mr. Wilson is a states' rights man. He does not believe in the national government having the power either to destroy or to regulate the trusts. He believes that the states should attend to the monopoly question—possibly all of them do it as well as New Jersey has attacked and wiped out the trusts in the last two years—in which Woodrow Wilson has been governor.

But Mr. Bryan here, as elsewhere, maintained the traditional attitude of the Democratic party, that of being a destructive, rather than a constructive agent. The Democracy has given its whole attention as a political party to being destructive, and has learned the trick so well that once or twice in the last fifty years it has destroyed its opponents' leadership and risen to power. And on each of these two occasions, in office, it has continued to be a destroyer rather than a builder, and having no opponents to destroy, proceeded to wipe out the public credit and its own position in the confidence of the nation.

The trust question, says Mr. Bryan, is the chief question before the nation, and to prove it, spends his time attacking the position of Theodore Roosevelt on the trusts, calling him names such as "tool of the trusts" and "creature of the trusts." But again there is no argument made against the declaration of Roosevelt that the government of the United States should supervise all great corporations, as it does the banks, except to declare that the trusts would own the government, and would do it through Theodore Roosevelt.

Mr. Bryan, at Sacramento yesterday again had an opportunity to indicate in a brief way at least, how he would have the United States proceed against the trusts. But this part of his program consists of a chapter head and a blank page. He advised the Democrats assembled in convention that one of the things before them to do was to restrain the trusts. But not a word as to how this was to be done.

Let us give President Taft the credit for having a definite anti-trust program, that of enforcing the Sherman law through the courts. As a policy it has failed miserably. But as the chief executive of the nation he has at least seen the bare duty that was before him, and issued orders to his subordinates to proceed under the law. The Democrats, Bryan, Wilson and others alike, are quick to denounce the weakness of the Taft program. They have not had

the fairness to consider on its merits the program of the Progressives to regulate the trusts, admitting the necessity of the existence of some large corporations and refusing to waste the efforts of the government in fighting all alike, but attacking only those companies whose actions are to the public detriment. All they do, and all they evidently have the mind to do, is to make a personal attack upon Theodore Roosevelt as a "third term."

In one thing, at least, Mr. Bryan in his speech at Fresno laid down the issue in this campaign. He devoted two minutes of his time to Wilson, three to Taft, and about twenty to Roosevelt. It is good destructive policy to fight the foe who has a chance to win, and keep silent about what is best not discussed. The Progressive policies and the Progressive organization are the subject of attack and defense in this campaign; not a discredited president or a candidate whose chief interest in this campaign is to apologize for his party organization. Wilson does not want to be elected as a Democrat, but as an independent.

Bryan's light passing over of Wilson, ignoring of Taft, and strict attention to Roosevelt is a gauge of the fear of the Democratic leaders that Roosevelt will carry into the Progressive party a very heavy proportion of the Democratic votes of the country. Bryan claims that Taft will lose no more than half of the Republican votes. Roosevelt, then, to be a formidable factor and worthy of all the attention that is heaped upon him, must threaten to take such a share of the Democratic vote as to be elected by it. Mr. Bryan is right. Independent Democrats by the thousands will vote for Theodore Roosevelt.

## SUBSTANTIAL

Orange county is beginning the harvest of another of its better than a million dollar crops. It is the walnut crop. The quality is excellent and the prospect for high prices is enough to make growers feel good. Walnuts have proven a good crop in this county, and prices have been uniformly good for some years past.

One of the advantages that this county has is that it depends upon no one crop for support. Walnuts will bring in over \$1,000,000, but we do not live by walnuts alone. There are the sugar beets, the lima beans, the oranges, the crude oil, and the poultry and eggs, each good for a million or more a year. In fact, crude oil is hitting around the \$5,000,000 mark. Then there are apricots, lemons, hay, grain, celery, berries, winter vegetables and fifteen or twenty other crops, the value of which runs into high figures.

## H. E. HUNTINGTON TO SPEND \$250,000 ON THE WENTWORTH

PASADENA, Sept. 26.—Henry E. Huntington, who left for the East last Tuesday, has determined that the actual work of completing the Wentworth Hotel, which he recently purchased, shall begin as soon as certain lienholders file their consent to the sale. Myron Hunt, a local architect, has prepared plans for the enlargement of the already great hotel.

Something in the neighborhood of a quarter of a million dollars is to be expended by Huntington. The interior of the hotel will be remodeled, as well as additional stories put on, and a feature that will claim much attention will be a bungalow court in the picturesque little canyon to the west of the hotel. A winding pergola of concrete construction will be built entirely around the main building. Many rare plants and shrubs are to be set out.

## BABY BORN WITH TRANSPARENT BACK Doctors Excited Over Opportunity to View Action of Lungs and the Heart

PITTSBURG, Sept. 26.—A baby girl with a transparent back was born yesterday to Mrs. Henry L. Hobbs at Fayette City, twenty miles south of here. The child is exciting the interest of physicians in his community. Through the thin skin covering the back the internal organs can be seen. When the child is laid upon its stomach the movement of the lungs and the pulsations of the heart can be observed.

The child is in good health, and is normal in all respects except its back.

## TWO BROTHERS MEET FOR THE FIRST TIME

San Bernardino Was Scene of Unique Meeting—Chance Brought the Men Together

SAN BERNARDINO, Sept. 26.—Two brothers who had never seen each other met accidentally in this city. Edward J. Watts of Portland, who, with his family, is spending a vacation here, was standing in a cigar store when he heard a man introduced as Al Watts.

The Portland man lost no time in breaking into the conversation, and on comparison of notes it was found that both are sons of R. A. Watts of Salt Lake City.

For many years the members of the family could find no trace of Al Watts. They believed that he was in Mexico. He left home before Edward J. Watts was born. He has been superintendent of the Rose mine in the San Bernardino mountains for many years.

## COLUMBIA RANKS THIRD IN WORLD IN ENROLLMENT LIST

NEW YORK, Sept. 26.—With an enrollment of 12,000 students, making it the third largest in the world, Columbia University held its opening exercises today. Paris has 17,513 students, and the University of Berlin 14,543. Cambridge, Oxford and Heidelberg are far down the list.

Yearly the Columbia students bring into the city of New York in excess of \$8,500,000. Less than one-third of that amount goes to the university for tuition, room rent and board. The remainder goes into the pockets of the New York merchants.

## CITY ATTORNEYS DISCUSSED "HOME RULE IN TAXATION"

BERKELEY, Cal., Sept. 26.—Amendments to the state laws, to provide greater freedom in municipal finances, were reported upon and accepted yesterday by the city attorneys of the state who are attending the League of California Municipalities. The attorneys held a department meeting on the State University campus.

At the general session yesterday afternoon the principal issue for discussion was "Home Rule in Taxation," brought up in a resolution by Mayor J. Stitt Wilson of Berkeley. Mayor Wilson argued in favor of the plan.

## LOS ANGELES ASKS C. OF C. DELEGATES TO VISIT THE CITY

LOS ANGELES, Sept. 26.—An invitation yesterday was extended in Boston to the fifth International Congress of Chambers of Commerce delegates, the largest and most representative body of commercial men ever assembled, to visit Los Angeles. The welcome to this city was extended by Captain H. Z. Osborne, president of the Los Angeles Chamber of Commerce, who is attending the Boston sessions.

## Spanish Cream

Over one-half package of gelatine pour one cup of cold water and set aside for two hours, heat a pint of milk to scalding point and pour it over the soaked gelatine, stirring all the time. When the gelatine is entirely dissolved add the yolks of four eggs that have been beaten light, with a small cup of powdered sugar. Stir over the fire for three minutes, then take off the range and flavor with vanilla. Let it get cold, but not stiff, and whip into it gradually one pint of whipped cream. Turn into a mold wet with cold water and set in the ice to form. This is a delightful rich dessert and is wholesome.

## SWEEPING STATEMENT MADE BY BALDWIN

WASHINGTON, Sept. 26.—The most widely quoted daily publication in the United States is the Daily Consular and Trade Report, according to a statement of A. H. Baldwin, chief of the Bureau of Foreign and Domestic Commerce of the Department of Commerce and Labor. This federal daily "newspaper" has a circulation of 20,000 copies, he says, and is eagerly read by exporters and manufacturers.

The new Chamber of Commerce of the United States has affiliated organizations of 100,000 members, according to Chief Baldwin, and is an important growing commercial adjunct of national commerce.

## VICTOR BERGER AND WIFE WILL SPEAK ON COAST

OAKLAND, Sept. 26.—Congressman Victor L. Berger, the only Socialist in the national legislature, and his wife, Meta Berger, of Milwaukee, arrived in Oakland to address a gathering in the Rice Institute. Mr. Berger will make speeches in several California cities, including Los Angeles.

## ELECTRICITY MAY CURE INSOMNIA

German Doctor Devises New Form of Electrical Current to Induce Sleep

BERLIN, Sept. 26.—Electric sleep, which may be turned on and off at will, is the alluring prospect offered people suffering from insomnia, by Dr. Nagelschmidt, who describes his invention for this purpose in a medical magazine.

He asserts he has devised a new form of electric current which applied to the base of the brain will produce a narcotic effect, able to be maintained as long as is desired. The application of the current also eliminates pain from any part of the body.

## POTASH FROM SEA Kelp Is Only Hope FOR WORLD'S SUPPLY

PORT TOWNSEND, Wash., Sept. 26.—A company which proposes to manufacture potash from kelp, a seaweed which grows in vast quantities along the Pacific coast, has filed a location on a kelp bed extending from Point Wilson to Middle Point. The company filed also a bed lying west of Smith Island, in the Strait of Fuca, which is the largest bed in the strait. There is no law authorizing such filing. Kelp has only recently become of value. Scientists say that it furnishes the world's only present hope for a supply of potash fertilizer, the mineral deposits having become nearly exhausted.

## MINERS CONVENTION HAS BEEN CALLED FOR DEC. 9-11

SAN FRANCISCO, Sept. 26.—The sixteenth annual convention of the California Miners' Association was called yesterday by the executive committee of the organization, to be held in San Francisco on December 9, 10 and 11.

One of the chief objects of the meeting will be to consider plans for the co-operation of the association with the director of mining of the Panama-Pacific International Exposition in securing an elaborate exhibit of the mining industry of the world and especially of the Pacific Coast. Delegates from other mineral producing states have been invited to attend the meeting.

## FRANCE TO PUT ON CHANNEL LINE OF HYDRO-AEROPLANES

LONDON, Sept. 26.—Illness caused to travelers in crossing the English Channel by the turbulence of the waters will soon be a thing of the past, according to announcement made yesterday by the Campagne Generale Transatlantique de Paris, and the Folkestone Town Council. The French company plans to install a regular service of hydro-aeroplanes over the channel. Arrangements have been completed for the erection of sheds and for enough machines to carry a large number of passengers.

## PIONEER PASSES

GLENDALE, Sept. 26.—Funeral services were held yesterday morning over the body of H. C. Goodell, 94 years old, who died at his residence on Loma avenue Saturday evening, old age being the cause of death. For fourteen years Goodell was a resident of this valley, most of the time being passed in the home in which he died.

What We Never Forget according to science, are the things associated with our early home life, such as Bucklen's Arnica Salve, that mother or grandmother used to cure our burns, boils, scalds, sores, skin eruptions, cuts, sprains or bruises. Forty years of science prove its merit. Unrivaled for piles, corns, or cold-sores. Only 25 cents at all druggists.

## ENGLAND WARNS CHINA TO BE CAREFUL IN LOAN

LONDON, Sept. 26.—Announcement that Sir John Jordan, British Minister to China, told President Yuan Shi Kai that England expects him to consider the matter carefully before rejecting the "six power" loan, was made in a cable received here.

## ORANGE TREES ARE PLANTED TOO LOW

So Says London Specialist—Says the Ground Should be Ridged, Trees on Mound

RIVERSIDE, Sept. 26.—Declaring that the flat system of culture now in vogue in California orange groves reduced the probably life of an orange tree to twenty years, C. Bogue Luffman, the London tree specialist, urged the adoption of rigging the soil surface and planting the trees upon mounds.

He said grading of land does not mean leveling, but equalizing the thickness of the soil layer. He attributed the going back of acres of old groves to lack of aeration and drainage. He would urge the walking plow to turn the soil over without packing.

## DON'T WAIT

Take Advantage of a Santa Ana Citizen's Experience

When the back begins to ache, Don't wait until backache becomes chronic. 'Till kidney troubles develop; 'Till urinary troubles destroy night's rest.

Profit by a Santa Ana citizen's experience. P. G. Etchison, 820 E St., Santa Ana, Cal., says: "Since using Doan's Kidney Pills in 1907, I have had little need of a kidney remedy. A dose or two on a few occasions when I have noticed pain in my back has sufficed to relieve the trouble. My opinion of Doan's Kidney Pills as was expressed in a public testimonial I gave two and a half years ago remains unchanged, as I value them as highly as ever. I was subject to attacks of kidney complaint for months and if I brought any strain on my back, I was sure to suffer from backache. Knowing that this misery was due to disordered kidneys, I finally used Doan's Kidney Pills, procured at Dean's Drug Store (now Wheeler & Mateer's Drug Store). They went directly to the seat of the complaint and I could not have asked for greater benefit."

TAFT LAUDS CUTTER SEATTLE, Wash., Sept. 26.—The revenue cutter Manning, first of the Bering Sea patrol boats to leave the North, arrived at Port Townsend yesterday. The cutter sailed North with instructions to relieve all cases of distress that came in view. The Manning, which was close to Kodiak Island and when Mount Katmai began to shower ashes, carried out her orders so well that President Taft sent a letter of commendation to Capt. K. W. Perry.

## BEGIN SEASON'S WORK

Ebell Society to Hear a Lecture by John S. McGroarty

The Ebell Society will begin the season's work on Saturday, September 28, with a meeting in Elks' Hall. The chief feature of the meeting will be a lecture by John S. McGroarty, on "The Romantic History of Southern California," and as both the speaker and the subject are of more than passing interest it is expected that there will be a large attendance.

Mr. McGroarty is, as is well known, the author of the beautiful mission play which won such wide popularity, and had so long a run at the theater erected for it at San Gabriel this summer.

The Ebell members are reminded that the new year books will be ready Saturday, and that the annual dues will be payable then.

**S. S. Home Department to Meet**  
The Home Department of the Santa Ana district of the Orange County Sunday School Association will meet tomorrow afternoon at 2:30 o'clock in the United Presbyterian church. This district includes Santa Ana, Tustin, Garden Grove and Newport.

All who are interested in this work are invited most cordially to attend tomorrow's meeting.

**Past Matrons' Picnic**  
The members of the Past Matrons' Association, O.E.S., or at least all of them who could find it possible to do so, journeyed to beautiful Balboa yesterday for a day's outing. The picnic proved an immense success, every hour of the stay at the seaside being enjoyed.

The ladies in the picnic party were Mesdames H. L. Reeves, Geo. Balderston, J. R. Medlock, C. E. Ruddock, D. W. Crawford, W. M. Clayton, R. E. Dickinson, W. S. Peek, W. L. Tubbs, Maude E. Bowes, U. D. Palmer; Miss Mary Cotter.

**Heard of Accident**  
Mrs. J. S. Atkins, who recently went to Portland, Oregon, for a month's stay with relatives, was called away more suddenly than she had expected. She left last Saturday on receiving word of a serious auto accident in which her niece and husband were badly injured.

**Special Notice**  
The Daughters of Veterans will meet in the G.A.R. Hall tomorrow night, Friday, Sept. 27, at 8 o'clock. Special work is to be done and a full attendance is desired.

The Orange County Conservatory of Music is for Orange County people who desire the best in a musical education. ## MEN'S MEETING

Pleasant Banquet and After Dinner Talks by Men of the U. P. Church

Last Tuesday evening at 7 o'clock sixty men of the United Presbyterian church, sat down to a sumptuous banquet in the basement of the new church. This banquet was prepared by the Ladies' Aid Society of the church, and there never was an aid society did it better.

Rev. W. L. C. Samson acted as toastmaster and in his happy way introduced the after-dinner speakers, and all did themselves proud in their responses. The following were the topics:

"Mexicans and Mexico," Rev. Jos. T. Thacker.

"The Sunday School: The Open Door to the Church," Dr. L. F. Hutchinson.

"How Can the Y. M. C. A. Help the Church and Sunday School?" R. J. Hamilton.

"Men's Bible Classes," R. R. Smith.

"Young Men in Christian Endeavor Work," Scott Torrens.

"Social Life in the Church," L. A. Galloway.

"The Stranger in Our Midst," J. A. Henderson.

"The Christian's Attitude in Every Day Life," Mr. Wm. Smart.

After the speech-making, the audience arose and forming a circle, each clapping his neighbor's hand, sang the 72nd Psalm. The closing prayer and benediction was pronounced by Rev. J. T. Thacker, and all went home happy, pronouncing this the best ever.

## THE TUSTIN TWELVE

Mrs. J. C. Stearns Entertained Members of Club and Other Guests

Yesterday a very charming afternoon was afforded the ladies of the well-known club designated as the Tustin Twelve. Mrs. J. C. Stearns, Tustin opening her pleasant home to the club ladies and others.

The particular motives for the existence of this club are sociability and fancy work and these were the prime diversions of yesterday's meeting. Music added its charms, vocal solos being given by Mrs. Chas. Johnson and Mrs. M. F. McClay, and piano selections by Mrs. Philip Ebel of Tustin and Miss Clara Wells of Santa Ana.

During the refreshment hour when Mrs. Stearns served strawberry ice, cakes and fruit punch, Mr. Stearns and Miss Clara Wells, a niece of the hostess, delighted the company with flute and piano music.

Before the club adjourned a new member, Mrs. E. J. Cranston, was voted in to fill the place left vacant by a retiring member.

The members of the club who were present were Mesdames Albert Fuller, Arthur Hoefer, Chas. Johnson, Chas. Artz, George Pollard, Ellis Smith, Joseph Skinner, B. F. Nimmo.

As guests of the club there were present Mrs. Frank McEhee, Mrs. M. F. McClay, and Miss Clara Wells of Santa Ana; Mrs. Philip Ebel of Tustin.

## Household Economies

The Third Section of Household Economies of the Ebell Society will meet with Mrs. F. L. Austin, 319 East Chestnut avenue, at 2:30 o'clock Friday afternoon, Sept. 27.

Each member is expected to respond to roll call by giving some suggestion for the use of nuts.

Ladies may bring fancy work.

## HARRIS-PEARSON WEDDING

Well Known Business Man of Santa Ana Weds Popular Woman of This City

A marriage of much interest to Santa Ana, was that taking place last night at 8 o'clock at the commodious ranch home of the bride's parents, Mr. and Mrs. Thomas Mark Pearson, 1516 Willis street. The principals in the happy event were Miss Minnie Almira Pearson and J. Wiley Harris, both well known and highly esteemed in Santa Ana. The impressive ring ceremony was read by Rev. Otto S. Russell of the First Baptist church.

A beautiful innovation was the singing of a vocal number during the advance of the bride, Mrs. Frank Harris, accompanied by Frank Harris on the piano, singing "My Dear," as the bride descended the stairway to be met by the groom at the end of the descent. The young bride was elegantly gowned in cream satin, pearl trimmed, and carried an arm bouquet of lilies of the valley. There were no attendants and the ceremony was pronounced in the presence of only the family and close friends. The only jewel worn by the bride was a pearl pendant set with diamonds, the gift of the groom.

The Pearson home was very beautifully decorated for the occasion, potted plants, palms, ferns and pin-curtains adorning the living room, where a canopy of greenery had been erected under which the bride and groom stood during the taking of their vows. Scarlet carnations were used in the decorations of the dining room and the reception hall.

Numerous elegant gifts of cut glass, silver and linen were received and after congratulations and the viewing of the gifts, the company assembled at a wedding dinner. Following this, the bride donned her going-away gown of tailored blue serge and the happy couple made their escape from loving friends for a honeymoon trip to some unrevealed point. On their return, Mr. and Mrs. Harris will reside at 506 East Sixth street, where they will be at home after November 1.

The groom is a widely known citizen of Santa Ana, being a member of a pioneer family of the county and a resident for fifteen years of this city. He heads the Abstract & Title Guaranty Company. His bride has made many warm friendships here by her charm of manner, and both will have the sincere congratulations of a wide circle of friends.

The out-of-town guests were: Mr. and Mrs. C. R. Dobson, Mr. and Mrs. Harry Evinger, Mrs. C. R. Church, Mrs. George Trenholm, Miss Minnie Dobson, Miss Maude Church, and Ernest Dobson of Los Angeles; Mr. and Mrs. Albert Sifton of Pullerton; Mr. and Mrs. John Hickey, Mrs. Mary Beard, Mrs. L. A. Harris of Orange; Mr. Win Pentebone of Whittier; Mrs. Dell Lemon and daughter, Miss Ruth Lemon, of Anaheim.

## Schmitgen-Hockemeyer

Miss Alma Hockemeyer and Henry Schmitgen were married yesterday afternoon by Rev. Kogler of Orange, at the home of the bride's mother, Mrs. Minnie Hockemeyer.

The bride was gowned in white silk chiffon over cream satin, carrying a bouquet of white carnations and many half ferns. Misses Minnie Hockemeyer and Emma Schmitgen were bridesmaids and carried pink carnations and ferns. The groom was attended by Fred Dolbereing and Henry Tohmors.

The wedding march and other musical numbers were played by Miss Dora Hockemeyer. One hundred guests were present and a sumptuous dinner was served. Handsome gifts were given. The home was decorated in terms and oleanders.

Mr. and Mrs. Schmitgen departed last evening for a wedding trip to Lake Tahoe and other points, to be gone two or three weeks.

# Goodbye to Bothersome Drawstrings

THE drawstrings of the old style blouse were always coming undone. The ends were always dangling outside. They had to be tied and untied every time you put the blouse on or took it off.

The famous K&E LOOP Blouse does away with the old nuisance of the drawstring.

With this LOOP the drawstring can be fastened securely when first put on, and does not need to be again adjusted until the blouse comes from the laundry. The blouse can be buttoned and unbuttoned, put on and taken off, without touching the drawstring. This helps every boy to dress and undress himself more quickly and keep himself neat in appearance.

The K&E Blouse, with its patent LOOP, has no loose ends to dangle outside. The mothers will appreciate the K&E LOOP Blouse for other reasons: the good materials, the reinforced shoulders, the hand-turned collars and cuffs, the fine, careful stitching.

Come and see these handsome blouses and bring the boy along.

We have a full assortment of sizes, patterns and styles.

Every K&E LOOP Blouse is put up in a separate Parchment Envelope.

## BOUGHT FRACTIOUS HORSE

Anahem Gazette: Daniel Naugle is suffering with a broken collar bone as the result of an encounter with a newly purchased horse. He purchased a horse and one day last week hitched it to a buggy to see how it would drive. It was hitched up without mishap and Mr. Naugle entered the rig. Upon being given the command to "get up," the horse proceeded to let fly with his hind feet three or four times, breaking the rig up considerably. Then he backed the buggy into the barn, breaking it up some more. Mr. Naugle then thought it best to unhitch and this he proceeded to do. As he started to lead the horse away, it reared back, doing it so suddenly that Mr. Naugle was thrown from his feet and landed on his face and shoulder and his collar bone was broken as stated.

## CAMPAIGNING IS COUNTING

S. C. Evans is Busy Man These Days, Getting Votes For Himself in San Diego

SAN DIEGO, Sept. 26.—S. C. Evans, the Progressive Republican nominee for congress from this district, has been the busiest man in San Diego county for the past week. He is making votes for himself. He has spoken to a different audience every night and has never rested a minute during the day. In company with Councilman P. E. Woods, of this city, he went to La Mesa Tuesday night where he spoke to an interested audience. Even a rival candidate went to hear him in the person of Mrs. Helen Stoddard, the Prohibitionist candidate.

Woods spoke first and told of his long acquaintance with the constructive progressive work which Evans has accomplished in the California League of Municipalities and urged the people not to be influenced by civic selfishness and vote for a Democrat just because he is a San Diegan, but to support Evans who stands for the progressive principles which will benefit the people.

Evans declared his personal friendship for this part of the district, and pointed out that he has been fighting for San Diego city and harbor for the past nine years. He devoted considerable time to a discussion of the circus industry and its relation to the Democratic plan for a tariff for revenue only.

Evans left here yesterday morning for Ocean Beach and La Jolla where he will spend the day with friends. Last night he spoke in Oceanside and will then go to the back country to hold a meeting in Escondido tonight.

He will be back here to speak Friday night in Germania Hall. Several of his supporters from the north part of the district will be here for the Friday night meeting and will speak to the people of San Diego as Progressives in behalf of Evans. Among those who have wired that they are coming are Editor E. P. Clark, of the Riverside Press and Dr. William P. Burke, chairman of the Republican County Central Committee of San Bernardino County.

Evans' supporters here are delighted with the success of the series of meetings which he is conducting in this county. They say that they have effectively broken the hold of the standpat crowd.

## AN ANNOUNCEMENT FROM SCHOOL SUPERINTENDENT

1. I desire to call the attention of parents to the following school law: "Children shall be admitted to the beginning classes of any school only during the first month of the school year, and children who will be six years of age before the end of the third month of the school year shall be admitted at the beginning of the school year, and children who will not be six years of age by the end of the period specified shall not be admitted until the beginning of the next semester." Beginners shall likewise be admitted to the beginning classes of the kindergarten during the first month of the school year, if such children will be four years of age before the end of the third month of the school year, and children who will not be four years of age within the period specified shall not be admitted to the kindergarten until the beginning of the next semester.

2. I desire to call the attention of parents to the state law on compulsory attendance, which provides that each parent, guardian or other person having control or charge of any child between the ages of eight and fifteen shall be required to send such child to a public school, during the time in which a public school shall be in session.

A penalty is provided for failure in complying with this law.

3. The Santa Ana schools will

open Monday, Sept. 30th.

Parents are requested to send their children to the school nearest their home. Congested conditions may develop in some schools that may necessitate a modification of this rule.

5. Only pupils of the first, second and third grades will be admitted at the Fifth street school.

6. All grades will be represented at Central or Washington until the new grammar school is completed.

7. Parents are urged to have their children enter school the first day, September 30, and see to it that their children are regular and punctual in attendance. Since the state appropriation for schools is based on the average daily attendance, every absence for a day or any part of a day is a distinct loss, not only to the pupil but to the district.

8. Non-resident pupils will be charged \$32 tuition for the school year. \$32 is the cost per pupil in our elementary schools last year.

9. Our school buildings have been put into the best possible condition for the convenience, comfort and health of both pupils and teachers and the teachers for the coming school year have been selected with the greatest care, so that the outlook is favorable for the best school year Santa Ana has ever had.

J. A. CRANSTON,  
City Superintendent.

## MADAM! IF YOU ARE BILIOUS, CONSTIPATED OR HEADACHY PLEASE TRY "SYRUP OF FIGS"

Give Your Stomach, Liver and 30 Feet of Bowels a Gentle, Thorough Cleansing Without Gripe or Nausea—Delicious Fruit Laxative For Women and Children

All women get bilious, headachy and constipated—simply because they don't exercise enough. They don't eat coarse food, or enough fruit and green vegetables. Those are nature's ways of keeping the liver and thirty feet of bowels active; but very few women employ them. The next best way is delightful Syrup of Figs.

Nearly all ills of women can be overcome with Syrup of Figs alone. There is no need to have sick headache, backache, dizziness, stomach sour and full of gases, bilious spells, salivary glands enlarged, bad breath, bad complexion, nervousness and depression. The surest and safest remedy is one or two teaspoonfuls of delicious Syrup of Figs. Try this tonight—you'll feel splendid in the morning.

When the sour bile, clogged up waste and poisonous matter have been gently but thoroughly moved on and out of your system, without nausea, griping or weakness. Your head will be clear, complexion rosy, breath sweet, stomach regulated; no more constipation, gases, pains and aches.

It is simply a matter of keeping your stomach, liver and bowels clean and regular. Then you will always be well—always look and feel your best. But get the genuine—the old reliable. Ask your druggist for "Syrup of Figs and Elixir of Senna." Beware, with contempt, the so-called Fig Syrup, sometimes substituted to fool you. The true, genuine, bears the name California Fig Syrup Company; look for this on the label.

## REVENUE CUTTER ON MARINE JUNK HEAP

WASHINGTON, Sept. 26.—The revenue cutter Rush, one of the oldest and at one time the fleetest vessel in the service, has made its last cruise and gone to the marine "junk heap." The Rush has been ordered out of commission at San Francisco and will be sold at public auction there. She is one of three wooden vessels left in the entire navy and revenue service. She was built at Fort Blakeley, Wash., in 1885 and has been guarding the Arctic and Alaskan country.

The new revenue cutter, Unalga, recently built at Newport News, will replace the Rush when navigation opens next spring in Alaska. The Unalga recently sailed from Arundel Cove, Md., for a long round-the-world trip to Alaska, via the Suez canal.

## SERVING OF LIQUORS CAUSES' AN ARREST

RIVERSIDE, Sept. 26.—The officers and members of the Victoria Golf Club are feeling keenly the action that resulted in the arrest of their Chinese steward and the confiscation of a quantity of liquors from the club's buffet and ice box on the grounds that the city liquor ordinance was being violated.

The steward, who is out on \$200 bail, was to have been tried this morning, but, resenting what they assert is an unfair move that places them in an unjust light before the community, the members are preparing to fight the case, and on their request a continuance was secured until tomorrow afternoon at 2 o'clock. The club has retained Attorney H. L. Carnahan, and it is expected that a jury trial will be demanded.

A jury woman detective, Mrs. R. H. McDaniels, was instrumental in securing the evidence on which the arrest was made. She registered at the Glenwood Mission Inn from Los Angeles, and was extended the same courtesies that all guests of the inn receive from the Victoria Club. She paid 50 cents for the transient membership card, which the hotel provides, and which entitles the guests to all the privileges of the club for one day.

The first day she visited the club her card was honored for a bottle of beer with her luncheon. The second day she set up the claim that she had left her card in her coat, and the accommodating steward again served her with liquor. The third visit was made in company with Officer Hostetter, and again the missing card did not interfere with the liquor order.

WASHINGTON, Sept. 26.—Private banks and department stores are planning to establish their own "money laundries," according to Assistant Secretary of the Treasury Bailey. A number of banks and stores in large cities are inquiring at the department as to the cost and maintenance of money washing machines, similar to those installed in the main and sub-treasuries.

"I find bankers deeply interested in the currency 'prophylaxis,'" said Assistant Secretary Bailey. "They, and department stores, figure it would be good advertising as well as good business to give their customers newly-laundried, clean money."

Arrangements for installing the currency washing machines in Chicago, St. Louis, Cincinnati and New Orleans sub-treasuries are being made. Twelve machines are now being manufactured for the department. Four will be sent to New York, two to Chicago, and one each to New Orleans, St. Louis, Philadelphia, Baltimore, Boston and Cincinnati.

The government washing plants will be in full operation on January 1.

To save cost of storing we offer a lot of good Arizona oat hay for \$21; barley, \$20. Hay on lot near mill, Prince Grain & Milling Co.

## Six Reasons Why You Should Do Business With This Bank

1. Depositing your money in bank makes it absolutely safe from loss by robbers, fire or accident.
2. With a bank account you can pay your bills by check. The canceled check is a legal receipt for payment. You cannot be made to pay the bill twice.
3. A check book makes all your money available at any moment, and you are never bothered about making change.
4. The bank keeps your books. Every deposit and the amount of the checks you draw are carefully entered in your pass book by expert bookkeepers, so that you know where you stand at the end of the month.
5. Nearly every man needs to borrow money at some time. If you are well known at the bank, through your bank account, it is easy to get accommodation.
6. Every check you write is an advertisement of your good business habits and solid worth, which has the effect of raising you in the general esteem of your neighbors.

Any one of the above reasons is of itself sufficient to influence you to open a bank account. It will only take a short acquaintance with this bank, and the facilities it offers, to convince you that six reasons are only a few of many more why you should make it your financial home. Now is the time to begin the practice of these most approved business methods, and to make this bank what we want it to be—

## Hill's Corner

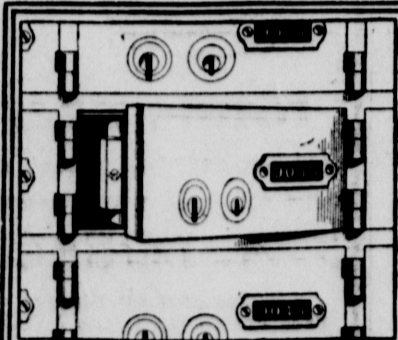

It is quite evident that galvanized corrugated Iron (and all flat sheets) will be considerably higher before this year is gone. There has already been several slight advances within the past thirty days, but we placed our orders early and the iron we have "to arrive" with a good stock on hand will hold this market steady for some time.

The general tendency is upward for all heavy goods in our lines and we have provided for the immediate future by placing our orders farther ahead than usual, by and by we will be compelled to pay the higher prices if our "guess" is correct.

Our stock of Plumbing goods is about complete and all our plumbers and tanners are busy.

The outlook for the year ahead is good, barring political errors.

## LOS ANGELES PRODUCE MARKET

The feature of the local market yesterday was the arrival of several cars of the first cranberries of the season from the east. A large quantity had been sold in advance, bringing from \$9 to \$10 a barrel, and they were pretty well cleaned up by noon. Cranberries have been received much earlier than for several years.

Income shipments of fruit were a little under the average size. The receipts of Jonathan and Bellefleur apples the principal varieties on the market—were not as large as usual. Only 2370 bushels of apples came in. Winter melons are also received although not in very large quantities, and are bringing about \$2 a crate.

Pears and rhubarb are quite scarce, the latter selling as high as \$1.35 a crate. The best artichokes are bringing as high as 90 cents a dozen. Lima beans have also gone up a little, and are quoted as high as 5 cents a pound. Celery is bringing as much as \$2.50 a crate.

Creamery extras butter advanced 1 cent, to the price which prevails in San Francisco. The receipts of first-class butter have been rather light, and a considerable quantity of that has been coming from points in the San Joaquin Valley, which are about the same distance from San Francisco as they are from Los Angeles and can ship equally well to either place. This keeps the price in both cities about equal. Receipts yesterday were 24,821 pounds. No cheese came in. A small quantity of Longhorn was offered at 19 cents a pound. Egg receipts were light—95 cases. Some of the Petaluma-Santa Rosa product was offered at 29 cents, and as high as 41 cents was asked for case count ranch eggs.

Other receipts of produce were as follows: Potatoes, 481 sacks; onions, ten sacks, and beans, 28 sacks.

## FOURTEEN YEARS SENTENCE OF ALMERAS

Mexican Who Shot John Kellenberger Given the Limit by Judge West

Marcelino Almeras was today sentenced to fourteen years in San Quentin for the wanton shooting of City Marshal John Kellenberger of Anaheim on July 9. Almeras received the full penalty under the charge of attempting to kill.

Almeras pleaded guilty yesterday morning. Judge West read the testimony taken at the preliminary examination, and this morning Kellenberger went on the witness stand and related the details of the affair that nearly ended his life. Kellenberger wore the same coat that he wore when he walked to the rear of Houtz's store at Anaheim to quell a disturbance. The disturbance was an attempted hold-up, and Almeras, fearing arrest, fired twice at Kellenberger. Both bullets entered the right lung.

Almeras stood up and in a stolid sort of way received the sentence. Judge West reviewed the evidence, and pointed out to Almeras the error of his ways.

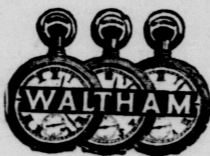

**Names Appraisers**

As the result of a visit of the State Board of Equalization to Santa Ana on Tuesday, John Cubbon and G. W. Minter have been named as appraisers by the state board to place appraisements on a list of different kinds of properties in this county. It seems that the state board is going over the state gathering statistics for presentation at the next legislature. Some corporations are asserting that by the operations of Amendment No. 1 the corporations are paying a greater proportion of taxes in accordance to valuation than are the owners of small properties. The state board has selected property in this section and will gather figures concerning their assessment and amount of taxes paid.

**Sixty-One Names**

**Many Driven From Home**

—Every year, in many parts of the country, thousands are driven from their homes by coughs and lung diseases. Friends and business are left behind for other climates, but this is costly and not always sure. A better way—the way of multitudes—is to use Dr. King's New Discovery and cure yourself at home. Stay right there, with your friends, and take this safe medicine. Throat and lung troubles find quick relief and health returns. Its help in coughs, colds, grip, croup, whooping-cough and sore lungs make it a positive blessing. 50c and \$1.00. Trial bottle free. Guaranteed by all druggists.

## BICYCLIST IS HIT BY AUTO

Mexican Severely Bruised When He Was Thrown Into Street in Collision

ORANGE, Sept. 26.—Pedro Chairez, a Mexican, was severely bruised on the right shoulder and left knee and his face was badly scratched this morning when he was struck and thrown by an automobile driven by Robert Hotaling. Hotaling was rounding the corner at South Glassell and Almond streets, and says the Mexican rode in front of him and made the collision unavoidable. The Mexican was not run over but was thrown heavily.

**LONG BEACH FIGHTING FOR COAST BOULEVARD**

LONG BEACH, Sept. 26.—President Louis N. Wheaton of the Coast Boulevard Association, an organization formed several months ago in this city in an effort to have the proposed coast boulevard run along the shore in the vicinity of Long Beach, delivered an address Wednesday night in the city hall to the members of the Long Beach Motor Vehicle Association, outlining the boulevard association's plans and the result of a recent meeting of the latter organization held in San Francisco.

"We maintain," he said, "that it is imperative upon the highway commission to construct a highway along the coast, and that our surveys show that such road can be constructed without the necessity of any undue expenditure."

## SAYS THAT HIS SISTER FIBBED AS TO HIS AGE

He Declared He Was 21, and County Clerk Took His Affidavit For it

Harry Bundy got his marriage license yesterday in spite of his sister.

Before Bundy arrived here County Clerk Williams got a long distance message stating that Bundy would apply for a license, that he was but 20 years old.

After a time in came a young man who gave his name as Bundy, aged 21, girl's name Alice Maynard and her age 18, both residents of Seattle.

"Your sister telephoned to me to refuse to give you a license," said Williams. "She said you are but 20."

"She fibbed," declared Bundy. Williams told Bundy all about perjury and the penitentiary, and what might happen to Bundy if he committed perjury to get a marriage license.

Bundy stuck to his story. He declared he was 21, that his sister fibbed just to prevent the marriage.

Williams was convinced. He thought that after the prison talk, Bundy would not have the nerve to go on with the scheme, if scheme it was, to swear he was 21 when he was but 20.

The girl appeared a little nervous but the license was issued, and the couple went their way. As yet the marriage certificate has not been recorded, and it is not known for sure that the license was used.
